FUTURE INTERNATIONAL SCHOOL Student Well-being Policy

Purpose:

At Future International School, we are committed to promoting the holistic well-being of our students. We believe that a nurturing and supportive environment is essential for their academic, emotional, and social development. Therefore, we have developed the following Student Well-being Policy to ensure that every student feels safe, valued, and supported throughout their educational journey:

Physical Health and Safety

We prioritize the physical health and safety of our students by providing a safe and clean learning environment. We encourage regular physical activity and promote healthy lifestyle habits among students. We have established procedures to address medical emergencies promptly and effectively.

Emotional and Mental Health Support

We recognize the importance of supporting students' emotional and mental well-being. We provide access to qualified counselors or mental health professionals who offer confidential support and guidance to students facing emotional challenges. We organize workshops and activities to promote emotional resilience, stress management, and positive coping strategies.

Bullying and Harassment Prevention

We maintain a zero-tolerance policy towards bullying, harassment, and discrimination of any kind. We educate students about the importance of respect, kindness, and empathy towards their peers. We have clear procedures in place for reporting and addressing incidents of bullying or harassment, ensuring the safety and well-being of all students.

Academic and Social Support

We offer academic support services to help students reach their full potential. We foster a supportive and inclusive learning environment where every student feels valued and respected. We encourage peer collaboration and provide opportunities for students to develop positive social skills and relationships.

Communication and Collaboration

We maintain open and transparent communication channels between students, parents, teachers, and school administration. We encourage collaboration and partnership among all stakeholders to promote student well-being. We regularly seek feedback from students and parents to ensure that our policies and practices align with their needs and expectations.

Continuous Improvement

We are committed to ongoing evaluation and improvement of our student well-being initiatives. We regularly review and update our policies and practices to ensure that they remain relevant and effective. We seek input from students, parents, and staff to identify areas for improvement and implement necessary changes.

Schoolwide Well-being Focus

To promote a welcoming culture for all, the principal requires all senior leadership members and duty staff members to greet students every morning when they arrive at school. Teachers can be at their doors every morning, greeting and welcoming students into the classroom. The principal and senior leadership team visit every K12 classroom daily to provide support and warm wishes for a successful day. The principal provides positive daily morning affirmations to the staff via email.
