

INCLUSION POLICY

INTRODUCTION

This policy supports and guides schools in promoting the principles of inclusive education in an ecosystem in which skilled professionals are equipped with the pedagogical knowledge to meet the diversity of needs present in schools. Through its implementation, this policy promotes a rights-based approach to education for all students where an understanding of equity and inclusion is instilled in all aspects of the community as set out in Federal Law No. (29) of 2006 Concerning the Rights of People with Disabilities and its amendments, and the *School for All: General Rules for the Provision of Special Education Programs and Services* (MOE, n.d.).

PURPOSE

- Define expectations of inclusive education as a fundamental right for all students including students with additional learning needs in schools.
- Specify admission requirements for students with additional learning needs.
- Ensure schools are offering standard inclusive provision in terms of staffing, physical accessibility, and teaching and learning support.
- Outline requirements to charge additional fees to parents.
- Identify school leadership roles and responsibilities to promote inclusive learning environments.
- Define minimum requirements for compliance and standard provision of education for students with additional learning needs in schools.
